## *The Tournament*

MINT Polo in the Park is the ultimate polo experience. The only tournament of its kind in the world, and held in central London over three days, it sees six global teams playing to adapted rules creating a fast moving, dynamic version of traditional polo that pushes the players' skills to the limit.

The agility and thundering pace of ponies, the action and the glamorous crowd altogether offers a thrilling and memorable experience.

## *The Venue*

Polo was first played in Hurlingham Park in 1874 and a year later the adjacent Hurlingham Club became the official headquarters for the sport in Britain. The Park hosted the 1908 Olympics Polo Final which saw England winning gold and polo remained a regular weekend fixture at Hurlingham until 1939. Nowadays, The Hurlingham Club is a stunning private members club set in 42 acres of lush grounds featuring an ornamental lake with beautifully manicured croquet lawns and rose gardens.

*'We all enjoyed the day and thought it was a good client event to hold, we will be looking to book again next year'*
